Crew Supervisor: Larissa Fullmer (Los Padres SLO center), (Yosemite 2 '09) My mother & family for giving me life, love, and supporting me to fulfill my passion for living in the

backcountry, building trails and building myself every summer. Many thanks to CCC alumni & fellow trail workers who have inspired me throughout the years, you know who you are.

As a crew we'd like to extend much thanks to the following:

Sierra Rescue Team for our wilderness first aid class. We will be applying your training daily while out living in the BC, and appreciate the basic skills, knowledge, and protocols to prepare us for whatever the mountains throws our way.

Tony Cervantes & Tony Vasquez for sharing the medicine wheel, discussion on sobriety, and all that entails with building a healthy sustainable community over the next five months.

Dave Muraki, Mary Ellen Ardouny, David Smith for their visit and words of wisdom that we will carry with us along our journey.

All the CCC HQ staff Kevin Sperry, Marcia Welch, for health & safety training. We enjoyed the interactive jeopardy game at the end.

Vic & Debbie for our livestock operations class introducing us to History of wilderness act, packing, and working around animals.

Larry Notheis for his visit, and words of encouragement, looking forward to your visit and conflict resolution class in June. Placer center for hosting us, as well as the kitchen staff for filling our bellies with never ending delicious meals, prepared with love. We will need the extra calories to get us through this summer.

SPCM Javier Nunez for being the go to guy and helping with all the odds and ends. You Rock! Come visit us this summer.

CCC interns Chey Ruiz and Brian Feeney, Thank you for preparing the gear for our crew and getting all the corpsmembers to destinations safely. Good luck in the Klamath!

Fellow supervisors for giving up your time, self, and energy to your crews. Especially Tessa D'usseau for running the king's crew on short notice. Your love for the program continues to shine throughout the years.

Karlson Hubbard, Agnes Vianzon, and Kimberly Phan for the many months of recruitment, paper work, training, and so much more that has enabled us to be prepared for this amazing opportunity in the mountains. We wouldn't be here without you.

Most of all...thank you to the many who have come before us, building the path that we are so blessed to be traveling on. You have inspired and made this possible for the present, and future. Allowing us to experience the hard work, community, beauty, magic, and most of all humbleness the mountains has to offer us.
